Hi Rick-

We have completed work on the sample from project Pavillion Groundwater and attached is an excel file and pdf with the data. I will follow up with a QC report shortly. If you have any questions, please let me know.

We will hold the sample until 06/24/2012 in case you would want any additional analyses carried out, and will then dispose of the remaining sample material. If you need us to hold the sample longer, please contact us.

Thank you,

Christy Legner
